

Chain & Padlock

Chain is triple heat-treated Boron Manganese steel with a unique trapezoidal shaped link that resists attacks from bolt cutters, saws, hammers and chisels. 5' 6" chain.

Mfg # KV810209 EZ # 077106

Heavy Duty Locking Cable

Braided steel vinyl coated cable for serious, but flexible security. Integrated 7-pin pick and drill resistant tubular locking mechanism. 3/8" diameter and 6' length.

Mfg # KV820703 EZ # 077107

Key Cable

Flexible vinyl coated steel cable with a tough integrated key lock. Weather resistant cylinder. Two coded keys. 5' x 1/2" diameter cable.

Mfg # KV830139 EZ # 076971

Flexible Steel Cable

Braided steel vinyl coated cable in 3/8" diameter with extra long oversized swages. Double loop design allows cinching for more usable length and more flexible use with virtually any padlock.

Mfg #	Size	EZ #
KV830504	30' x 3/8" dia.	077108
KV830412	15' x 3/8" dia.	076974

Resettable Combination Cable

Flexible 3/8" diameter, 5' vinyl coated steel cable with a tough integrated 4-digit resettable combination lock. Combination can be set and reset quickly & easily.

Mfg # KV830207 EZ # 076972

Extra Large Padlock

Extra large case hardened steel shackle. 7-pin pick and drill resistant tubular cylinder. Inner dimensions of shackle are 11" x 4". 1/2" shackle diameter.

Mfg # KV830603 EZ # 077103

PL Series Padlock

Design for high risk locations. Solid brass body and hardened solid steel shackle. Includes a rekeyable Schlage 6-pin cylinder.

Mfg # SCPL1001 EZ # 012628

In Ground Security Anchor

An extra-tough theft resistant locking point, for use indoors and out, providing protection from ride-away, roll-away and lift-away theft. 3/8" hardened carbon alloy steel shackle lays flat when not in use. Weatherproof, impact resistant body. Reinforced steel anchor bars which can be buried up to 10" depth. Recommended for both commercial and residential installation.

Mfg # KV330202 EZ # 077105

Heavy Duty Solid Steel Padlock

Hardened solid steel with Molybdenum steel shackle for greater resistance to sawing, cutting and prying attacks Double deadbolt locking mechanism. Quick change shackle design. 6-pin brass cylinder is rekeyable and changeable. Accepts Lori, Medeco, Schlage and American Lock cylinder. Keyed alike. 6 per box.

2 1/2" / 63.5mm body, 2" / 50mm shackle length, 1/16" / 11mm shackle diameter

Mfg # KV851226 EZ # 076979

Covered Laminated Steel Padlock

Case hardened steel shackle. Double deadbolt locking. Plated, laminated steel body, covered cylinder for increased weather protection.

1 1/2" / 70mm body, shackle: 1 1/8" clear, 1/4" dia.

Mfg # KV850410 EZ # 077102

Solid Steel Shrouded Padlock

Shrouded Molybdenum steel shackle for maximum resistance to sawing, cutting and prying attacks. Double deadbolt locking mechanism. Quick change shackle design. 6-pin brass cylinder is rekeyable and changeable. Accepts Lori, Medeco, Schlage and American Lock cylinder. Keyed alike. 6 per box.

2" / 50mm body, 1 1/8" / 27.8mm shackle length, 3/8" / 9mm shackle diameter

Mfg # KV851189 EZ # 077104
